# Product Information
## White Tomato Extract 5% & 10% Standardized

Vesta Ingredients has been the leader in the nutraceuticals industry for over 30 years. The superior quality of Vesta® Brand raw ingredients has ensured the success of our clientele.

### What Is Pearl Tomato®?

Pearl Tomato® is a proprietary White Tomato Extract Powder from specially selected non-GMO tomato fruit (*Solanum lycopersicum*). This botanical extract is unique for being rich in the multi-functional Colorless Carotenoids which affect skin health and color. Pearl Tomato® provides for "Beauty from Within"!

### Pearl Tomato® can be used in the Beauty and Food industry.

- For Skin Whitening, Brightening, and Dark Spot Lightening
- Colorless Carotenoids for Decreased Melanin Pigment
- Provides UV Protection, Skin Health, and a Bright Complexion
- Supports Skin Hydration, Elasticity Improvement, and Wrinkle Reduction

### About Pearl Tomato®

There are many different carotenoids with different colors. The more common carotenoids are Beta Carotene (found in carrots) and Lycopene (found in tomatoes). White tomatoes have no color but still have carotenoids. The Colorless Carotenoids provide protection from harmful Sun radiation and absorb the sun's rays in the UV or Infrared light spectrum.

Carotenoids have been shown to benefit skin health by supporting a clearer complexion and promoting skin quality and beauty. Ask about quality Pearl Tomato® by Vesta Ingredients and possibilities for "Beauty from Within."

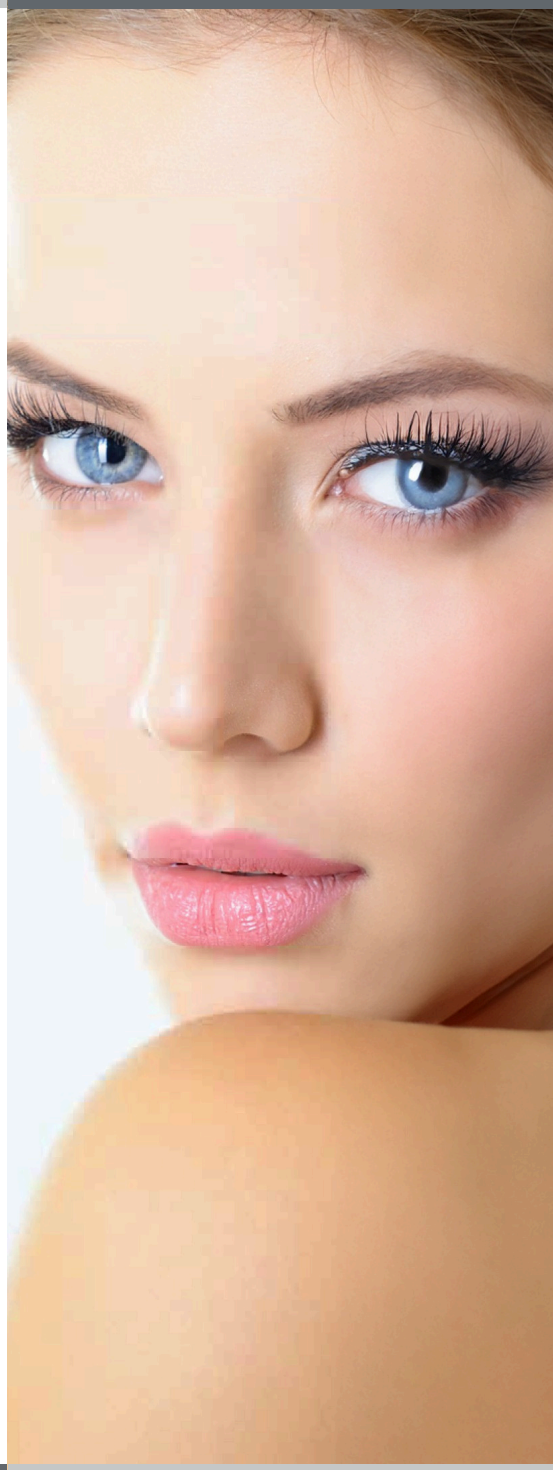
### Benefits of Pearl Tomato®:

Pearl Tomato®
White Tomato

- Lightens Skin Color and Tone
- Supports Skin Health
- Helps Skin Dryness and Roughness
- Supports Skin Suppleness and Smooth Texture

Pearl Tomato® is an exciting product for beauty and skin health, supporting skin whitening, brightening, and dark spot lighting. The Colorless Carotenoids of Pearl Tomato stall the pigmentation process to cause a brightening and lightening of skin tone while supporting Skin Health. Depending on your formulation, the Pearl Tomato® systemic benefits include "Beauty from Within."

Vesta® limits our communication and marketing language to describe products that do not contain the Phytoene and Phytofluene Carotenoids as set forth in the patent claims of the patent holder.



These statements have not been evaluated by the Food and Drug Administration.
This product is not intended to diagnose, treat, cure or prevent any disease.

## Why use Pearl Tomato®?

Pearl Tomato® Colorless Carotenoids prevent the pigmentation process in the skin while brightening and lightening skin tone. White tomatoes are known to reduce the melanin (for skin color) in dark sports and freckles.

Pearl Tomato® carotenoids (White Tomato extract) can absorb UV and Infrared wavelengths which provides protection against destructive sun rays. Pearl Tomato® is an antioxidant which protects against free-radical damage.

## Vesta's Research on Pearl Tomato® show results as a:

- Melanin Inhibitor and
- Depigmentation Agent

Vesta's Pearl Tomato® Anti-Pigmentation study results demonstrated a 50% average decrease in melanin formation with high melanin inhibition activity.

Pearl Tomato® also demonstrated high inhibition activity for melanin formation by the Tyrosinase enzyme. Pearl Tomato showed significant efficacy in reducing melanin production and skin pigmentation in melanin synthesis assays compared to Kojic Acid and Glutathione.

## Uses

- Dietary Supplement
- Capsules / Tablets
- Creams / Lotions
- Dose 100 - 300 mg (Cosmetics 1 - 2 % by weight)
- Sunscreen
- Soap
- Functional Ingredient

## Colorless Carotenoids Product Stock Available:

- Standardized 5%
- Standardized 10%
- Custom concentration formulation available

## Packaging and Storage:

- Store in a cool dry place
- Minimum Pack Size: 1-25kg

## Pearl Tomato® Benefits:

- Supports Skin Health
- Lightens Skin Tone
- Revives and Rejuvenates Complexion
- Maintains a youthful appearance
